Our inspiration

Verde Living is inspired and cultivated by Japandi design: Scandinavian functionality and Japanese rustic minimalism combined for a beautiful yet practical living space.

DESIGN PRINCIPLES

1. Minimal & practical
2. Sustainable & traditional
3. Simple & calming
4. Light & serene
5. Natural & textured

Willow

package 1

The Willow package offers a modern blend of raw materials and neutral colours to create an inviting sanctuary you'll call home. With occasional pops of wood for texture and warmth and nature-inspired finishes, you'll relish your time in this minimalistic space that keeps you feeling refreshed and comforted.

This is written as per the vendor's pre-selected standard finish packages. Ceiling heights are subject to bulkheads, dropped ceilings, and structural beams. Natural products (i.e. granite, stone, wood) are subject to natural variations in color and grain. Ceramic tiles are subject to pattern, shade, and color variations. Colour, grain, texture, appearance, etc. of features and finishes installed in the unit may vary from the vendor's samples because of normal manufacturing and installation processes.

Espresso

package 2

This moody palette welcomes coziness and romance, whether you're curled up under a blanket with a page-turner or pouring a glass of wine. Naturally rustic-feeling, this package still maintains a minimal sleek and neutral look that's timelessly beautiful.

Alabaster

package 3

Minimalistic and bright, the Alabaster package evokes the essence of calm. With light central colours, accented shades and textures are used only sparingly to create interest and keep the atmosphere intimate and homey. The elements of nature are embraced simply to bring your home together.
