

M CITY 6 CONDOMINIUMS

The image features a low-angle shot of a modern building with a curved, white facade composed of horizontal slats. The building is set against a cloudy sky. On the left side, there are several overlapping, thin, grey wireframe lines that create a sense of depth and movement. The text 'WELCOME TO M6.' is overlaid in a light green, sans-serif font.

WELCOME

TO

M6.

## M6 Amenities

1. Aerial
2. Courtyard
3. Hero
4. Lobby Entrance
5. Retail Promenade

# IMMIGRATION

## CANADA'S IMMIGRATION PLAN 2023-2025

465,000 IN 2023

485,000 IN 2024

500,000 IN 2025

500,000 immigrants to be welcomed into Canada each year leading up to 2025.

800,000 people are anticipated to move to Toronto which is almost a **30% increase** in population by 2030.

Demand for rental has been increasing dramatically since 2022, and the already high housing demand, which will lead to price increases (great news for our investors). Labor force will be impacted positively, construction delays will decline.

Ontario grabs the first position with the highest number of immigrants in Canada. Nearly 44% of the Canadian immigrants settled in Ontario in 2021. (Statistics Canada)

LOBBY

Connected lifestyle is a standard feature at M6. MCity has partnered with Rogers to develop one of Canada's most technologically advanced condominium buildings. With access to a smart building ecosystem, every resident at M6 will enjoy a unique and frictionless living experience.

**ROGERS SMART COMMUNITY™**  
In partnership with VALET, Rogers Smart Community helps ensure safety and convenience are always at your fingertips. Every resident will have access to a smartphone-centric living experience, including hands-free digital building access, video guest verification, facial recognition, and more.

**Ignite Internet™**  
Every suite comes wired with Rogers Ignite Internet Gigabit. With download speeds of up to 1.5 gigabits per second, you can enjoy the true freedom of a consistent connection, perfect for Netflix marathons, virtual meetings, online gaming, smart appliances, and so much more.

**Wi-Fi Coverage**  
With an advanced fibre-powered network, you can enjoy secure, state-of-the-art, wall-to-wall Wi-Fi coverage in your home and throughout the amenity spaces at M6. The Rogers Ignite Wi-Fi promise delivers an effortless, connected home experience whether you're lounging on the couch or poolside with friends.

**DAS System**  
A Distributed Antenna System (DAS) delivers Rogers' wireless network throughout the building to increase wireless connectivity in places like the underground parking garage and elevators where it may be harder to get a consistent connection. That means reliable coverage to make calls, access data, stream music, and more.

#### ROGERS SMART COMMUNITY APP FEATURES

This smartphone-based service with its wide range of app features keeps you connected to your home and provides the freedom to control your environment from the palm of your hand.

**SMART LOCK**  
Every suite comes standard with an integrated smart lock for unprecedented access control directly from your phone.

**SMART THERMOSTAT**  
Every suite comes standard with an integrated smart thermostat that allows you to control your home's temperature remotely and create heating and air conditioning schedules for comfort and energy efficiency.

**SMARTPHONE VIDEO CALLING**  
See who's at the building entrance before letting them in.

**FACIAL RECOGNITION ENTRY**  
Enter your building with only a smile.

**PACKAGE DELIVERY NOTIFICATIONS**  
Never miss another delivery notification.

**DIGITAL KEYS**  
Enter your building and suite using only your mobile phone.

**COMMUNITY MESSAGING AND AMENITY BOOKING**  
Receive building messages and news directly to your phone. Schedule and book your condo amenities from anywhere, anytime.

Rogers Smart Community and Bulk Internet Service monthly fees apply and are included in the common element budget. Refer to Condominium Documents for details.  
\*Speeds may vary with internet traffic, server gateway/router, computer quality, location in home, software and applications installed, home wiring, home network or other factors. An Ethernet/wired connection and at least one additional wired or wireless connection are required to reach maximum download speeds of up to 1.5Gbps for Ignite Internet Gigabit. See Acceptable Use Policy at rogers.com/terms.™ Trademarks of or used under license from Rogers Communications Inc. or an affiliate. ©2023 Rogers Smart Community and Bulk Internet Service monthly fees apply and are included in the common element budget. Refer to Condominium Documents for details. The Rogers Smart Community features, products and services described and/or depicted herein are subject to change in the sole and absolute discretion of Rogers Communications Inc. depending on the features, products and services ultimately integrated with the Rogers Smart Community program at the time of installation.
