Flexible Suite 2Q

A great example of needed flexibility is Suite 2Q. This suite features a spacious 2-bedroom/2-bathroom suite with a full-width balcony; convenient, large laundry and storage room beside the entrance; generous storage capacity in every room; and kitchen, living, and dining spaces that are open and connected to each other.

FAMILIES OF THE FUTURE.

Flexible MRKT suites grow with you.

Second bedrooms can be transitioned from den, to nursery, to child's bedroom as a resident's life situation changes and they start a family.

Balconies and terraces extend living space and provide access to the outdoors, with guardrails that increase safety.

Kitchen and dining areas are big enough for families to cook, socialize and eat together.

Bedrooms provide natural light, storage space, and space for a desk.

Larger entryways fit strollers or bicycles, and leave room for kids or luggage, coming and going.

Space for laundry and storage is perfect for a growing family.

TRIDELCONNECT™

Innovative Smart Home Technology.

Tridel Connect™ makes everyday living simpler. From convenient features such as hands-free entry, automated parcel delivery and smartphone access to your home, we're bringing it all together for a better living experience. Creating homes built for the innovations of today and prepared for those of tomorrow.

Control your home, from anywhere.

See who's at your door, adjust the temperature in your home, call the front desk, set the alarm, check the weather, and get building updates - all from your in-suite wall pad or the smartphone app. It's that easy.

Letting guests in.

Expecting company? Let Tridel Connect™ show you who is calling with live, one-way video from the lobby or parking garage. Answer their call and grant your guest access with a tap on your wall pad or your phone.

Entering your suite.

Your home's digital door lock is unlocked with a distinct access code. Create up to four personalized access codes for family members and loved ones to come and go freely.

Move through the building with ease.

As a resident, your smartphone will be your access pass to the building, allowing you to unlock the doors to the private common areas and amenity spaces as you approach.

Lightning-fast internet.

Stay connected with unlimited, ultra high-speed internet in your suite, and in the lobby and common areas. This amenity is conveniently bundled along with your utilities in your maintenance fees.

Peace of mind at home.

Arm the alarm from your wall pad or smartphone, or select the "stay" function, allowing you to set the alarm while remaining at home. If activated, both you and the front desk will be notified.

Parcel delivery lockers.

Enjoy 24/7 direct access to your parcels, moments after they are delivered, with a private and sophisticated parcel delivery locker system. You'll receive a digital notification when your package is ready and waiting to be picked up.
